

CONESTOGA
Wood Specialties Corporation

IT ALL STARTED WHEN NORMAN HAHN, AT AGE 12, BEGAN TINKERING AROUND WITH A HAND JIGSAW. BY 18, HE AND BROTHER SAM OPENED THE ORIGINAL KITCHEN CABINET MAKING SHOP, WHICH IS STILL STANDING TODAY ACROSS THE STREET FROM THE CONESTOGA PLANT. EARLY ON, A LOCAL BUILDER CHALLENGED THE BROTHERS TO DO THE UNHEARD OF — INSTALL A KITCHEN IN ONE DAY. IF THEY COULD DO IT, HE WOULD GIVE THEM ALL OF HIS WORK. NORMAN AND SAM MET THE CHALLENGE AND LAID THE FOUNDATION FOR WHAT WOULD BECOME THE LEADING CUSTOM WOOD CABINET DOOR AND COMPONENTS MANUFACTURER IN THE WORLD, WITH A COMPLETE AND ON-TIME DELIVERY RECORD THAT IS SECOND TO NONE.

We WORK HARD to give
customers WHAT THEY WANT

when they want it. PERIOD.

A defining moment occurred early in our history when a particularly demanding customer kept sending doors back, claiming he needed a more durable product. After months of attempts rather than walk away from the man's business, the company decided to persevere and satisfy this customer. We felt if we could keep him happy, we could keep any customer happy. The company persisted and came up with a solution to increase our product durability. When we went back to the customer with a better-constructed product, Conestoga not only had a satisfied customer, we had a new process that became a standard for our industry. And most importantly, established a set of values that still prevails today.

CONESTOGA Wood Specialties Corporation

CUSTOMERS shake their heads
when we tell them Conestoga
ships COMPLETE and ON-TIME
over 99% of the time.

Even customers who have a hard time believing any company's record could be that good, recognize we are the best in the business. Complete and on-time delivery is critically important to our customers. They depend on us to deliver what we promise. It's simple. We refuse to let them down. We try to put ourselves in the customers' shoes and ask what we can do to help them build their businesses. Our goal is to serve our customers to their satisfaction. We're always trying to do better.

It starts with an attitude that says we can make anything you can **dream**. From **hand selected** wood to craftsmanship in construction to hand-wiped finishing, our **reputation** is ingrained in each door we make.

Five-piece mitered doors and matching drawer fronts, accessories and wood components comprise this elegant offering of **artistically** beautiful, DLV based products. Imprèsa's Italian Impression Technology is the proprietary process used to create **masterful** reproductions of selected wood designs. This precise reproduction makes the DLV very **realistic**, closely resembling real wood and even containing the small imperfections and characteristics normally found in solid wood. Imprèsa delivers product quality, visual **attractiveness**, and the ability to mix and match doors, accessories and components at an **affordable** price.

It's the details that make a kitchen **personal** and special. They can create a signature look or simply provide the perfect finishing touches. Add the supple **grace** of Country French table legs, the unyielding strength of Greco Roman columns, or the gentle **warmth** of English Country bun feet. Incorporate corbels and wood ornaments to create a **high-end** look – all from a single source.

WOOD is Imperfect and UNPREDICTABLE

We try to make each customer's experience with us as perfect and predictable as possible. Conestoga is known for high quality craftsmanship. We have mastered applying cutting-edge technology to the tried and true knowledge of woodworking. But, like our customers, we are still working with wood – with all its imperfections.

How do we deal with the inevitable challenges of a business built on wood? By our proprietary wood grading system that lets customers know exactly what to expect. By maintaining consistent lead times. By simply listening. Customers want to know that we are going to work with them to overcome their business challenges. We promise to do our best, knowing we build our business one delivery at a time.

Anthony Hahn, CEO
Conestoga Wood Specialties Corporation

 **CONESTOGA**
Wood Specialties Corporation

W A R R A N T Y

We warrant that all of our products are free from defects in material and workmanship for a period of one year from the date of shipment. Natural characteristics found in wood will not be considered defects. Wood will expand and contract in accordance with its environment. Please call for specific warranty information.

Photography in this catalog is for illustration purposes only. Actual wood color and finish may vary slightly due to the printing process. For accurate color selection, we recommend that you obtain a product sample.

Conestoga Wood Specialties reserves the right to change or modify our products as part of its ongoing product development.

Conestoga Wood Specialties Corporation is the leading supplier of custom cabinet doors and wood components.

We sell our products to kitchen and bath manufacturers throughout the US, supporting them with high quality products and ethical business practices. At its core, Conestoga is a company of people who cares about and respects other people.

Our complete and on-time delivery record – the best in the industry – is the reflection of our commitment to responsiveness and reliability for our customers.
